Allergens are natural components of foods that may trigger a hypersensitivity reaction in some individuals. According to the applicable food law, the listed additives and allergens are to be labeled. We will mark them on our menu cards and price tags under the corresponding numbers or letters.

Disclaimer:

The information on the ingredients of the food is based on information that we receive from the manufacturers and suppliers. Due to the product variety of the manufacturers it is possible that it comes to cross contamination and also portions of unlisted contents in the products as traces are contained. The information on allergens listed here refers to the ingredients used in the recipe. In our company a variety of ingredients are sometimes used simultaneously. Despite thorough cleaning between all work steps, it can not be avoided that it comes to cross contamination. Therefore, it can not be ruled out that in addition to the labeled ingredients there are traces of other ingredients in the food offered. A liability for a complete listing of listed ingredients is therefore excluded.
